" Here at last — — "
 the sale built on fact! "

**SALE OF SHORTHORNS
MONDAY, SEPTEMBER 9, 1968
BIG ROCK, ILLINOIS**

REMITALL CAPTAIN JIM . . . "the Weight Lifter"

Melbourne Shorthorn Sale

Monday,
September 9, 1968

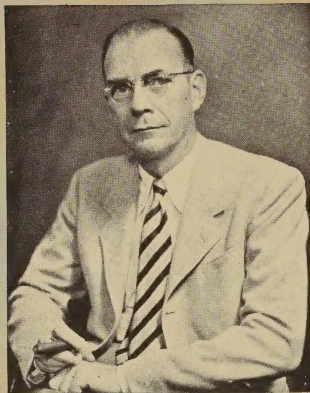

At the farm near
Big Rock, Illinois

WITH GUEST CONSIGNMENTS FROM

LEVELDALE
SHORE ACRES

PRAIRIE CREEK
WERNACRES

From left are Melbourne Nominee, Lot 4,
and Melbourne Diamond Jim, Lot 1. Both
are by Remitall Captain Jim . . . "the
weight lifter."

John Alexander Sr.

Welcome to Melbourne

Once again all of the members of the Alexander family and the staff of Melbourne Farm join in inviting you to Melbourne for the fall sale.

Much has happened in the last year and we're anxious to show you the progress made with the big Remitall Captain Jim. The performance testing and sonoray programs have reached their peak and you'll have more information at hand with which to evaluate the young bulls than ever before.

It is always a real pleasure to be joined by our good friends from Leveldale, Prairie Creek, Shore Acres and Wernacres. They are selling the best of their year's production and we recommend their cattle as we do our own.

Arrive early and make a week end of it. We all look forward to welcoming you in person. Please plan to attend buffet dinner on the lawn of our home the night before the sale.

John Alexander

Melbourne Missie by Calrossie Diamond was 1964 International grand champion. She is with her sons, Melbourne Diamond Jim, Lot 1, left, and his full brother. Both bulls are by Remitall Captain Jim.

GENERAL SALE INFORMATION

LOCATION — Melbourne Farm, a mile and a half south of Big Rock, Ill., on Jericho Road. Big Rock is 10 miles west of Aurora, Ill. on U.S. 30. Melbourne is five miles west of the west end of the East-West tollway which connects directly with all major toll roads leading east through Indiana and Ohio. Those coming from the East should take the East-West tollway to Route 47, then south to Jericho road and west to the farm. Melbourne is 20 miles north of Interstate 80, the major expressway which leads west through Iowa and Nebraska. From Interstate 80 exit on Illinois 47 and go north about 20 miles to Jericho Road. Then west on Jericho Road to the farm.

TIME: 12 Noon, C.D.T., Monday, September 9, 1968.

LUNCH: Will be provided sale day.

TELEPHONES: Paul Potter: (312) 556-3431
Eddie Mackie: (312) 556-3387.

BREEDING DATES: A list showing service dates will be provided sale day. All information from the auction block takes precedence over data in the catalog.

GUARANTEE — All cattle in this sale are sold under Standard Guarantee endorsed by the American Shorthorn Ass'n. A condition of this guarantee is that notices of failure to breed must reach the seller within 6 months of the sale. Shipment will be made as soon as possible after sale, but all stock is at buyer's risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound condition. The terms of this sale are cash. Settlements to be made with clerk at the conclusion of the auction.

HEALTH — All cattle sold in this sale will comply with Illinois health regulations and health certificates will be provided with each lot sold. Official calf-hood vaccination for Bang's is practiced in all of the herds consigning. All cattle have either been vaccinated or will have passed the Bang's test within 30 days of sale. A 60 day T.B. retest will be allowed. The Melbourne herd is Certified for Brucellosis and Accredited for Tuberculosis.

LIABILITY — The above guarantee and terms shall constitute a contract between the seller and buyer of each lot. Those working on the sale have been employed by the sellers for specific promotional and clerical tasks not connected with the condition of the premises and accept no liability for the contract or accident that may occur. Where footnotes appear in this catalog, they were furnished by the owners. The owners will not be responsible for any accidents, but will make every effort to provide for the safety and comfort of those attending.

TRANSPORTATION — Aurora is on the main line of the C B & Q railroad with direct trains from Minneapolis, Omaha, Denver and Kansas City. Other train

passengers should go to Chicago from which rapid suburban service is available to Aurora hourly. Melbourne is about an hour's drive via the Tri-State and East-West tollways from O'Hare International airport. If sufficient advance notice is given the sale manager or the manager of Melbourne Farm, trains will be met in Aurora and planes at O'Hare. Limousine service is available from O'Hare directly to the Holiday Inn on a frequent schedule.

SALE HEADQUARTERS — The Holiday Inn, North Aurora, Ill. Located at the junction of U.S. 31 and the East-West tollway. Transportation will be provided from the Holiday Inn to the farm.

SHOW RIGHTS — Show rights will be retained on some of the sale cattle through the International Livestock Exposition. Announcements will be made on sale day.

DINNER — Be Melbourne's guest at buffet dinner at the home farm the night before the sale.

MAIL ORDERS — Those unable to attend may send buying orders to any of the following reliable men, all of whom will attend, or to the owners.

C. D. Swaffar, secretary, American Shorthorn Ass'n, 8288 Hascall St., Omaha, Neb.

Harris Simons, The Shorthorn World, 16 S. Locust St., Aurora, Ill.

Neil Orth, The Drovers Journals, 1505 Genessee St., Kansas City, Mo.

Bill Stunkel, The Shorthorn World, 1228 N. Nye Ave., Fremont, Neb.

C. K. Tomson, Harding and Harding, Geneva, Ill.

Ken Torr, The Prairie Farmer, Greencastle, Ind.

Gene McDonald, The Shorthorn World, 16 S. Locust St., Aurora, Ill.

Forrest Bassford, The Western Livestock Journal, 326 Exchange Building, Denver, Colo.

AUCTIONEERS: Dick Kane, Wisner, Neb.
Merrill Anderson, Broadlands, Ill.

INSURANCE — Will be available from the clerks.

HARRIS SIMONS, Sale Manager

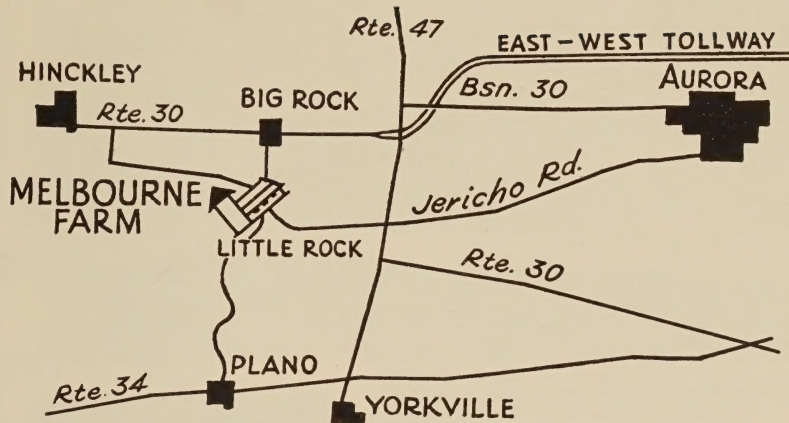

16 S. Locust St., Aurora, Ill. 60506

Tel: (312) 896-8511

All Roads Lead to Melbourne

Those driving from the east should take the major toll roads by-passing Chicago. They connect with the East-West tollway. Follow that to its end at Route 47. Proceed south on Route 47 about two miles to Jericho Road and then travel west to the farm. The Holiday Inn, sale headquarters, is at the junction of Highway 31 and the tollway.

Those coming from the west may take Route 30 to Big Rock or Interstate 80 (not shown) which intersects Route 47 about 30 miles south of the farm.

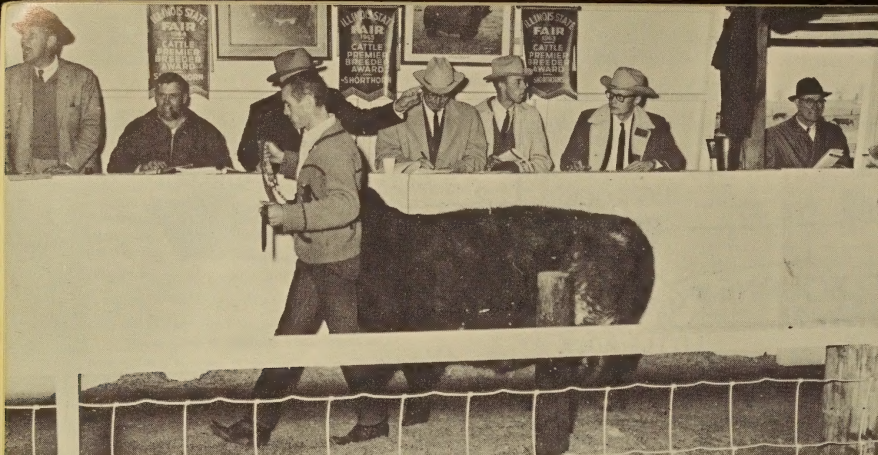

We'll Meet Your Train or Plane

Melbourne is about an hour's drive via the Tri-State and East-West tollways from O'Hare International airport. It is also only a 15 minute drive west of Aurora, Ill. Aurora is on the main line of the C B & Q railroad with direct trains from Minneapolis, Omaha, Denver and Kansas City. Other train passengers should go to Chicago from which rapid suburban service is available hourly to Aurora.

If sufficient advance notice is given the sale manager or the manager of Melbourne Farm, trains will be met in Aurora and planes at O'Hare. Limousine service is available from O'Hare to the Holiday Inn.

Plan on Dinner

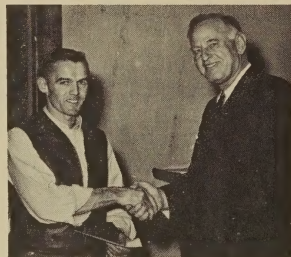

Mr. and Mrs. John Alexander and the entire staff of Melbourne Farm invite you to be their guests at buffet dinner at the home farm the night before the sale.

The excitement was at fever pitch the year the American Royal grand champion Melbourne Missie Eliza entered the ring. She eventually sold to Fernwood Farm, Barrington, Ill. at \$3,700. Her dam sells this year as Lot 24.

Be a Part of Melbourne

Annually they come from throughout the continent to buy the best of the year's bulls from Melbourne and Leveledale. International champions have passed through this ring every year . . . before they won. Stock bulls and foundation females for the best of herds are on display before the greatest buying audience in the world. Come early . . . meet your friends from across the country . . . join in the excitement that is Melbourne's.

Eddie Mackie, well-known Melbourne herdsman, was honored as the first "herdsman of the Year" at the 1967 International. He receives congratulations from C. D. Swaffar of the American Shorthorn Ass'n.

Welcoming his guests to Melbourne is John Alexander Sr., treasurer of the national Shorthorn Foundation and "Builder of the Breed." Harris Simons of The Shorthorn World is at left.

Receiving one of the many trophies won by Melbourne Shorthorns are Mrs. John Alexander Jr. and Mrs. John Alexander Sr. Both show a lively interest in the herd.

Three generations of Mathers at Leveldale have made it the nation's "Headquarters for Herd Bulls." From left are Les III, Gene and Les Sr. Gene was honored as a "Builder of the Breed" in 1961, Les in 1945, the first year the award was made. Both have been president of the American Shorthorn Ass'n.

An important team at Melbourne Farm keeps tab on all facets of the business including large corn farming and steer feeding operations. From left are John Alexander Sr., "Builder of the Breed" in 1958; John Alexander Jr., and manager Paul Potter, 1965.

... The Personal Integrity of Eight "Breed Builders" Backs Each Purchase

Nowhere will you find finer people — both as gentlemen and as cattlemen — than among those who make up the staff of Melbourne and their guest consignors.

All are "Builders of the Breed," so honored by their fellow Shorthorn breeders for their long years of constructive Shorthorn breeding and their reputations for honesty and fair dealing.

As Les Mathers says, "The principles of good business dictate that both the buyer and the seller profit." Shorthorns have been good to the Melbourne consignors and, in turn, their Shorthorns have been good for the breed.

Melbourne Is Carefully Planning A Program of Breed Improvement

The goal at Melbourne Farm, as it should be in any purebred livestock operation, is to produce a superior animal to meet the demands of the commercial industry.

We know the modern type beef animal must satisfy the commercial cowman, the feeder, the packer and the consumer. To meet all of these requirements, we need bulls with size, length and soundness. They must be able to grow, to convert feed economically and to cut a lean, high-quality carcass.

With this in mind, we at Melbourne are using every tool available to genetically produce the modern type cattle. And we're trying to do it in a manner that will assure our customers of benefitting from the time and experience we are devoting to our breeding program.

We were thinking of all of these things when we purchased Remitall Captain Jim. While many of our purebred breeders considered him extreme in size, he meets the major requirements of the commercial cow-

man, with size, strength and soundness. He is a good traveling bull, a producer with excellent semen, and he is able to stay in good condition running with the cows, with no extra care or feed.

We are using two important programs to insure that his calves will meet the demands of the cowman, feeder and packer. First, Melbourne was one of the initial herds to enter the American Shorthorn Ass'n Records of Performance plan. After completing one year we have found that the Captain Jim calves have a higher weaning weight . . . and the older ones have a higher yearling weight . . . than any we have produced in pervious years. And, there is no sacrifice in quality.

Second, Dr. R. H. White of Armour & Co. sonorayed all of the young bulls to determine the loineye size and the amount of back fat on each. In so doing, we can provide our customers with hard facts. These cattle have both a high rate-of-gain and superior carcasses. All of the performance records and carcass data appears in the

From left are Melbourne Diamond Jim, Lot 1; Melbourne Rutherford, Lot 11; Melbourne Nominee, Lot 4; Melbourne Liberator, junior stock bull, and Melbourne Nelson, Lot 8.

footnote of each bull for your study, evaluation and guidance.

All of the daughters of Remitall Captain Jim will be retained at Melbourne. They will be mated to Remitall Gold Emblem, the popular full brother to Captain Jim, or to Melbourne Liberator, the son of Calrossie Diamond we are keeping. He has an outstanding growth rate and carcass evaluation, as well as grand eye appeal. Some heifers will be served to Melbourne Goldfinder, a young son of Remitall Captain Jim and out of a top daughter of

Basildon Premium. By carefully checking the genetic abilities of all of these bulls, we know we can produce a superior beef animal in each succeeding generation.

Plan to be with us on September 8 and 9. Let us show you the herd bulls, the cow herd, the daughters of Captain Jim being kept back for replacement. And above all, let us show you our program for the future. We'll do our best to make this a profitable and interesting two days for you.

Paul Potter, manager

Melbourne Sonoscoped As a Further

Here are the complete sonoscope readings on the Melbourne sale bulls as compiled by Dr. R. H. White of the International Agribusiness Service.

The average of the 10 bulls old enough to sonoscope was 2.07 square inches of ribeye per 100 pounds of carcass and .35 inch of actual fat thickness over the 13th rib. In Dr. White's research across the country, the average ribeye for all cattle he has evaluated is only 1.75 square inches. He adds that two square inches of ribeye is excellent. **THE AVERAGE OF THE MELBOURNE SALE BULLS EXCEEDS THE "EXCELLENT" RATING.**

The ribeye referred to in the following data is the actual square inches per 100 lbs. of carcass. The fat measurement was taken over the 13th rib and is the actual fat thickness in inches.

Dr. R. H. White sonorays the Melbourne sale Bulls in the two scenes below

oped rther Their BullsGuide for You

Melbourne Admiral: Ribeye 2.37; .35 inch of fat; calved April 24, 1967; sire, Basildon Premium; dam, Susanna Augusta Ann by Leveldale Custodian also produced the International reserve grand champion Melbourne Augustine.

Melbourne Nelson: 2.22 ribeye; .4 inch of fat; calved Feb. 26, 1967; sire, Melbourne Masterpiece; dam, Nonpareil Rose by Uppermill Seafeld.

Melbourne Guardian: 2.18 inches of ribeye; .3 inch of fat; calved Aug. 8, 1967; sire, Remitall Captain Jim; dam, Melbourne Golden Lisa 3rd by Calrossie Diamond.

Melbourne Rutherford: 2.11 ribeye; .4 inch of fat; calved May 9, 1967; sire, Calrossie Diamond; dam, Calrossie Rothes Jan by Bapton Captivator.

Melbourne Battleship: 2.10 ribeye; .3 inch of fat; calved Feb. 7, 1967; sire, Remitall Captain Jim; dam, Melbourne Blossom 7th by Calrossie Diamond.

Melbourne Rosedale: 1.94 ribeye; .35 inch of fat; calved July 4, 1967; sire, Remitall Captain Jim; dam, Leveldale Rothes Queen 11th by Leveldale Richard.

Melbourne Autograph: 1.89 ribeye; .35 inch of fat; calved Aug. 20, 1967; sire, Melbourne Masterpiece; dam, Calrossie Augusta Trilby.

Melbourne Crescent: 1.75 ribeye; .4 inch of fat; calved April 9, 1967; sire, Basildon Permium; dam, Remitall Camelia by Kelburn Great Event.

Melbourne Nominee: 1.83 ribeye; .3 inch of fat; calved May 9, 1967; sire, Remitall Captain Jim; dam, Melbourne Nonpareil D by Calrossie Diamond.

Melbourne Diamond Jim: 2.31 ribeye; .4 inch of fat; calved April 4, 1967; sire, Remitall Captain Jim; dam, the International grand champion Melbourne Missie by Calrossie Diamond.

REMITALL CAPTAIN JIM

Remitall Captain Jim is the bull that is changing the thinking of the Shorthorn industry. **He's big** . . . 2,075 pounds as a four-year old in the pasture with the cows.

He's Siring Size. His bulls averaged 555 pounds at 205 days and his heifers averaged 452 pounds. As yearlings the bulls weighed 965 pounds on the average and the heifers 752 pounds. He increased the yearling weights of his bulls 78 pounds and his heifers 99 pounds over the other Melbourne calves.

He's Siring Quality. His first four calves were shown in the senior get-of-sire class at Denver in the strongest National Western show ever held. They stood fourth to three groups of yearling and older cattle.

He's Siring Muscle. When his bull calves were sonoscoped they recorded an average of 2.08 square inches of loineye for 100 pounds of carcass. The national average is only 1.75 square inches. **These Are Facts.**

These are some of the intangibles. **They have doing ability.** Surely we know that they are the easiest keepers that have ever been around here.

They Have Capacity, Constitution and Vigor, all of which are important to the beef cattle industry.

Study his five generation pedigree at right. Kelburn Great Event needs no introduction. He blazed a trail across the continent as a sire for Remitall and now is in service at KC and Royalty as well.

Rannoch Costly Lily 120th is truly one of the breed's great producing cows. She has produced four full brothers — Captain Jim; the \$8,100 Remitall Gold Emblem, now in service here; Remitall Baronet 2nd, grand champion at Denver and in service at Cliff Hill's, Salem, Ore., and Remitall Triumphant in service for Tom Hawkins, Hollister, Calif.

In addition, there is a herd sister to these bulls which is retained in the Remitall herd, and this year the old cow has a pair of twin bull calves on the ground by Remitall Belvidere, now owned by Cliff Milligan, Hinton, Okla.

REMITALL CAPTAIN JIM

The consistency on both sides of Captain Jim's pedigree is another indication of his value as a sire. To further examine his background, Rannoch Contribution was twice first-prize at the Royal Winter Fair and both times a member of the best pair of bulls. Pittodrie Fortune was first at Perth where he sold for \$10,000 to T. G. Hamilton. Costly Lily 17th sold for \$1,650 in the Sni-A-Bar Dispersion and the dam of Costly Lily in the fifth generation was a member of the original Melbourne herd in the 1920's. Kinsman's three sons averaged \$4,662 at Perth in 1952 and scored a lifetime average of \$2,247. They were noted for exceptional size and scale.

All the words in the world can never fully convince you that Captain Jim is a sire that should be considered in your breeding program. You must see the calves and the bull to fully appreciate the job he is doing. Plan to do that on September 8 and 9.

Here's Why Melbourne Purchased Remitall Gold Emblem

We have been asked many times why we bought Remitall Captain Jim, and now — why we have followed with his full brother, Remitall Gold Emblem.

It has been evident to us that many of the modern day Shorthorn cattle lack the growth factor necessary to satisfy the needs of the commercial cowman and feeder. While many Shorthorn bulls will weight well at 12 months, when followed up to 24 months, their rate of gain in the second year may be less than a pound a day, and they fail to grow into mature cattle of ample size. Many two-year old bulls and females, put into working herds, failed to continue their growth as their breeding careers began. Also, many of our larger bulls and cows have produced cattle that failed to match their parentage in size when developed, indicating a lack of growing ability in their inheritance. If the Shorthorn breed is to expand and grow, we must produce bulls with size and quality or the cowman will go to bulls of another breed.

Captain Jim was the best big bull we could find available in 1966. We were familiar with his Denver grand champion brother, Remitall Baronet 2nd, and the job he was doing. We risked being ahead of the trend in our own area by buying this massive bull that weighed nearly a ton at two years. He has fulfilled our expectations with a high quality group of calves that look as though they will be at least 50 pounds heavier at weaning age, and nearly 100 pounds heavier at a year of age than any we have had. And his first baby calves stood up well in the strong show at Denver, even though we had just a few early ones from which to choose.

When we saw Gold Emblem in December, we thought he was the best bull we had seen for sale, and we began considering the possibility of following the first bull with a full brother. Both had the same size, stretch, and grow-

REMITALL GOLD EMBLEM set a record for the Canadian International Bull Sale when he sold to Melbourne Farm at \$8,100. From left are Louis Latimer, Paul Potter of Melbourne and Carroll Latimer.

ing ability. They were sired by one of the great all-time breeding bulls, Kelburn Great Event, and out of a grand cow that milked well, produced five full brothers and a full sister that have all been of this same type, and yet stayed smooth and trim.

While both bulls are bred alike, Gold Emblem has some qualities we felt we needed to accentuate, and still not lose any of the gains we have made with Captain Jim. When Gold Emblem lived up to his promise and was made grand champion bull at the Canadian International, we felt \$8,100 was a very reasonable price to pay for a bull that could do so much for us.

We firmly believe that these two bulls, blended with our cow herd, can build a new bloodline that can make a great stride forward in producing a new look in Shorthorn cattle.

Paul Potter, manager

MELBOURNE LIBERATOR — Easily the best son of Calrossie Diamond ever born at Melbourne, he is retained to perpetuate the influence of his late sire whose sons and daughters are known for their great thickness and easy fleshing. Liberator's dam, Kickapoo Golden Loretta, is an imported daughter of Calrossie Christmas Carol. She is the favorite cow in the Melbourne herd. Liberator is her only son. Her other calves have all been females which are retained in the herd. Liberator had an adjusted 205-day weight of 548 pounds, with an adjusted 365-day weight of 970 pounds. He will be used primarily with daughters of Remitall Captain Jim, who averaged 99 pounds more at a year of age on official performance tests than the daughters of any of the other Melbourne stock bulls. The service of Melbourne

Liberator is a sale feature.

MELBOURNE LIBERATOR

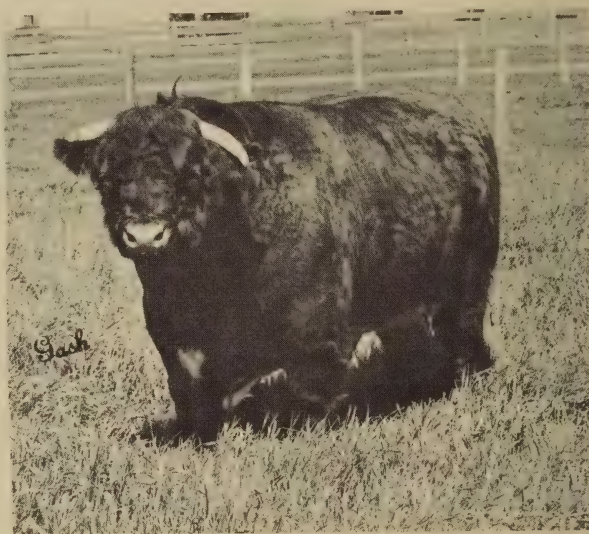

BASILDON PREMIUM Right)

From the verdant hills of England came this important outcross bull with invigorating new blood for Melbourne and Leveldale. He sired the \$7,700 Melbourne Consort; the \$3,700 American Royal champion Melbourne Missie Eliza; an American Royal first-prize junior get; the International junior champion Melbourne Accolade; the International reserve senior champion Melbourne Crusier, and the undefeated Shore Acres Premium. Basildon Premium is by Basildon Golden Age and from a long line of Princess Royals. His dam is by Pittodrie Kavass. A bull of exceptional size and substance, he is noted for his heavy bone and big feet.

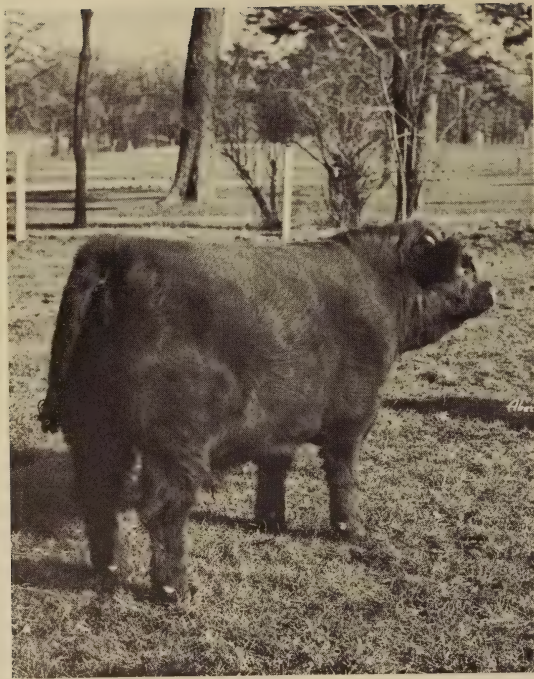

CALROSSIE DIAMOND (Left)

Calrossie Diamond is gone now but his influence will long be felt throughout the breed. Used jointly at Melbourne and Leveldale he sired, among others, the International grand champion Melbourne Missie; the reserve champion Leveldale Augusta Marie; the \$5,800 Melbourne Masterpiece; the popular Leveldale Blend and winning gets-of-sire at the Illinois State Fair, American Royal and International. His progeny are known for their unsurpassed thickness, easy fleshing and great character. For unmatched quality and high feed conversion, the Calrossie Diamonds are your best source.

And the Magnificent Melbourne Brood Cows!

MELBOURNE DIAMOND JIM — The cover calf on the April 15, 1968, issue of The Shorthorn World, and the oldest son of Remitall Captain Jim. His dam was the 1964 International grand champion female, and has produced heifers sold to Acadia Farms, Northfield, Ohio, and Stanley Harper & Sons, Ogden, Ill., in our last two sales. She now has a full brother to Diamond Jim at foot that is easily one of the best we have ever produced. The granddam, S & T Missie, is perhaps our best cow at this time. She also produced the \$5,800 Melbourne Masterpiece, the 1965 Illinois State Fair grand champion, and American Royal reserve grand champion that is now in service for George H. Miller, Thomaston, Ga., and B. C. Barnes, Carrolton, Ga. She has also produced Melbourne Missie 3d and Melbourne Missie 700th, both in the herd, and Melbourne MacArthur, selling in this sale. This is an outstanding family and it insures the breeding potential of this good calf. Adjusted 205-day weight 623 pounds. Adjusted 365-day weight 962 pounds. Adjusted rib-eye per 100 pounds of carcass 2.31 square inches. Actual fat thickness .40 inch.

MELBOURNE LORD RAMSDEN — He is a young calf, but the pick of many visitors as the best son of Remitall Captain Jim we are selling. His dam produced Leveldale Diamond, the first son of Calrossie Diamond that sold to Dave Garriott in Indiana for \$3,000 at five months of age. We have her good daughter by Calrossie Diamond in the herd. The granddam was the 1956 International grand champion female, and a cow with size and substance. We are certain this is a modern type bull in every way. There will never be too many bulls produced like this one. Adjusted 205-day weight 558 pounds. Complete carcass information will be available on sale day.

Melbourne Miss Ramsden 6th by Cruggleton Patrickson is the dam of Lot 2, Melbourne Lord Ramsden. The cow is out of the International grand champion Hillcroft Miss Ramsden.

MELBOURNE LORD RAMSDEN, Lot 2.

Melbourne Guardian, Lot 3, is shown with his dam, Melbourne Golden Lisa 3rd by Calrossie Diamond. She is a full sister to Melbourne Liberator, junior stock bull at Melbourne.

MELBOURNE GUARDIAN — The longest bodied son of Remital Captain Jim among the younger bulls, and a calf that has really been coming along fast. His dam and granddam are two of the most prolific cows we have. This family is producing many of our best cattle. Melbourne Liberator, the son of Calrossie Diamond we are keeping for service, is a full brother to the dam of Guardian. Take a good look at this calf. He has all the potential of a great breeding bull. Adjusted 205-day weight 448 pounds. Adjusted rib-eye per 100 pounds of carcass 2.18 square inches. Actual fat thickness .30 inch.

Melbourne MacArthur, Lot 10, with his dam S & T Missie by Leveldale Pacemaker. He is a full brother to the International grand champion Melbourne Missie and to the \$5,800 American Royal reserve grand champion Melbourne Masterpiece.

1170

MELBOURNE RUTHERFORD, Lot 11

MELBOURNE RUTHERFORD — One of the last sons of Calrossie Diamond, he is out of the same cow as Leveldale Richard, the International reserve grand champion. He is also a full brother to Leveldale Rythm, the bull doing so well for Burke Allison in Indiana, and to Leveldale Rothes Queen 8th, 1964 All-American, and to Melbourne Rothes Queen 23d in our own herd. Calrossie Rothes Jan also is the dam of a cow that has produced well for Jerry Clodfelter in Indiana; and she was the dam of Melbourne Richmond, sold to Robert Raisbeck, Lancaster, Wis., for \$2,850, in our 1966 sale. The breeding potential of this young bull is unlimited. Adjusted 205-day weight 535 pounds. Adjusted 365-day weight 894 pounds. Adjusted rib-eye area per 100 pounds of carcass 2.11 square inches. Actual fat thickness .40 inch.

Melbourne Rutherford, Lot 11, with his dam, Calrossie Rothes Jan by Bapton Captivator. She is also the dam of the International reserve grand champion Leveldale Richard; Leveldale Rythm; Leveldale Rothes Queen 8th; Melbourne Richmond, and Melbourne Rothes Queen 23rd.

Melbourne Richmond topped the Melbourne bulls in the 1966 sale to Robert Raisbeck, Lancaster, Wis. He is out of Calrossie Rothes Jan that also is the dam of Lot 11.

Melbourne Crescent, Lot 12, with his dam, Remitall Camelia by Kelburn Great Event. As a show heifer she was All-American for the Remitall Cattle Co., Olds, Alta.

MELBOURNE CRESCENT — A rare combination of two great breeding bulls, he has the type and bone to indicate his potential. His dam, by Kelburn Great Event, was an All-American in 1961, and is an outstanding cow, purchased from Lewisfield. Basildon Premium needs no introduction. He has left many good breeding sons, as well as daughters. Some of our best young cow prospects are Premium daughters. Adjusted 205-day weight 482 pounds. Adjusted 365-day weight 843 pounds. Adjusted rib-eye per 100 pounds of carcass 1.75 square inches. Actual fat thickness .40 inch.

MELBOURNE ADMIRAL, Lot 13.

Susanna Augusta Ann by the \$19,000 Leveldale Custodian is the dam of Melbourne Admiral, Lot 13. A grand old cow, she is still producing in the Melbourne herd. Among others, she produced the International reserve grand champion Melbourne Augustine.

\$1100

1153

MELBOURNE ADMIRAL — A Basildon Premium son of the great old brood cow, Susanna Augusta Ann. She was the dam of the International reserve grand champion Melbourne Augustine, and of the Melbourne Augustus, full brothers that were both All-American senior bull calves in consecutive years. She has been a grand cow through the years. We always felt that the \$19,000 Leveldale Custodian was ahead of his time in the production of a superior carcass. The carcass data on this bull would indicate this is true. Adjusted 205-day weight 476 pounds. Adjusted 365-day weight 870 pounds. Adjusted rib-eye area per 100 pounds of carcass 2.37 square inches. Actual fat thickness .35 inch.

Selling Proved Producers from The Melbourne Cow Herd!

Each year Melbourne selects a few top cows to add to the female offering. They do this because the Melbourne breeding program calls for building a bloodline of modern-type cattle through the use of Remitall Captain Jim and Remitall Gold Emblem. By selling young cows and retaining their daughters by the two Remitall bulls, Melbourne will eventually build a closely bred cow herd that combines the traits of both of these big bulls.

In the past, the cows sold in the Melbourne sale have been most profitable buys for Melbourne's customers. In 1965, the Royal Tartan herd, Lockport, Ill., purchased Hickories Rosewood 49th for \$600. They sold the bull she was carrying for more than five times that amount. And, she has since produced two more calves for them.

In the 1966 sale, R. E. Coverdale, Maquoketa, Iowa, purchased Bapton Queen Joanne for \$1,075. When the Remitall Captain Jim heifer she carried was four months old, she was sold for \$1,000 to make the cow a very good investment indeed.

In 1966 Mike Klockenga, Emden, Ill., paid \$1,500 for a young Melbourne Secret. Less than a year later he watched her daughter become Illinois State Fair reserve champion for Melbourne.

We could repeat these stories many times, but it is evident these good young cows can go on and be as profitable for their new owners as they have been for Melbourne.

MISSIE OF ELDAK 72nd — The 1961 International reserve grand champion female herself! She's also a full sister to the 1964 International grand champion bull, and she's a daughter of Shirgarton Ranger, that sired some of the thickest and smoothest cattle of recent years. A daughter of this cow was grand champion female for us at the 1965 American Royal, and topped our sale at \$3,700 to Fernwood Farms. We are keeping her April 1, 1968, daughter by Remitall Captain Jim. The cow will be bred to Remitall Captain Jim by sale time.

Melbourne Missie Eliza was 1965 American Royal grand champion female before topping the Melbourne sale at \$3,700 to Fernwood Farm, Barrington, Ill. She is a daughter of Missie of Eldak 72d, Lot 14.

TK Eldak Romancer was International supreme champion in 1964. He is a full brother to Missie of Eldak 72d, Lot 14.

Top-selling female in North America in 1963 was the fabulous Acadia Queen of Beauty 8th. After a productive career at Melbourne, she is featured as Lot 15.

ACADIA QUEEN OF BEAUTY 8th — The top-selling female in North America in 1963! She's one of the last daughters of Kinellar Napoleon that will ever be offered for sale! We are keeping her November 1967 bull calf by Basildon Premium. She is due to calve October 13, 1968, to Remitall Captain Jim. A grand cow from a top Shorthorn family, she has a good productive life ahead of her.

ARRIVE EARLY

You'll want to make a vacation weekend of this first and most important sale of the year.

Plan to allow enough time to see the entire Melbourne cow herd — it's one of the nation's foremost. You'll want to spend time with the valuable daughters of Remitall Captain Jim, all of which are being retained for the herd. And, see his full brother, Remitall Gold Emblem, and the good young Melbourne Liberator, the son of Calrossie Diamond that is junior stock bull.

Big Rock is just an hour's drive west of Chicago by convenient tollroad and even a shorter drive from O'Hare International airport. There is good train service direct to nearby Aurora. A letter in advance will insure that someone meets your train or plane.

Plan to be Melbourne's guest for dinner on the lawn at the home farm the night before the sale. It will be a gala evening on one of the breed's most beautiful and most famous farms.

MELBOURNE ROSEBUD 13th, Lot 18.

MELBOURNE ROSEBUD 13th — At the original type classification clinic at Melbourne Farm in 1962, the granddam of this young cow was the first AAA cow in the country. Her dam was also given a AAA rating by the 400 Shorthorn breeders gathered there at that time, but hadn't had the two calves required to make it official. This is the first daughter of either Melbourne Rosebud or Melbourne Rosebud 4th that has ever been sold. Mated to Remitall Captain Jim and due to calve Oct. 6, 1968. We are certain she will have a calf that will be modern in every way.

GRANDVIEW GIPSY BELLE — A daughter of the \$2,500 Melbourne Clarion. He was out of the great champion, Edellyn Clara-belle. We are keeping her December 16, 1967, daughter by Remitall Captain Jim. She is bred May 5, 1968, to Remitall Captain Jim. A young cow, thin from raising this big heifer calf, she has a lot of production possibilities.

All daughters of Remitall Captain Jim are retained at Melbourne including these. From left are Melbourne Clipper 18th, Melbourne Rosebud Blair and Melbourne Rosanna 9th. You can't buy Captain Jim heifers from Melbourne, but his valuable service is a sale feature.

From left are Missie's Lady, Lot 22; Elmcrest Marteta, Lot 21; Acadia Queen of Beauty 8th, Lot 15; Phopachy Queen Norma, Lot 16.

MELBOURNE AUGUSTA TRILBY 2nd — By Melbourne Pemberton and out of the young Calrossie Diamond cow selling in this sale. Young, not in high fit, she has a background of breeding potential. Sells open.

Calrossie Augusta Trilby by Calrossie Christmas Carol is the dam of Melbourne Augusta Trilby, Lot 27, and the granddam of Melbourne Augusta Trilby 2nd, Lot 26.

The 1966 International reserve grand champion female for Melbourne was Leveldale Augusta Marie by Calrossie Diamond. Lot 28 is a daughter.

MELBOURNE AUGUSTA MARIE — The first calf out of Leveldale Augusta Marie, the 1966 Illinois State Fair and American Royal grand champion female, and reserve grand champion at the International. Augusta Marie now has an outstanding bull calf at foot and is living up to her promise as a brood cow. This heifer combines the blood of Basildon Premium, Calrossie Diamond, and Leveldale Basis with a background of Calrossie breeding. Will be bred.

Melbourne Pemberton was used liberally at Melbourne before he sold at the top of the Melbourne bulls in the 1967 sale to John Woodward, Yorkville, Ill. Lot 29 is one of his first daughters.

Melbourne Goldie Grace is one of Melbourne's all-time great show females. She produced Melbourne Goldie Grace 2nd, Lot 29, before beginning her last successful year of showing.

MELBOURNE GOLDIE GRACE 2nd — The white junior heifer calf we showed in 1967, and a daughter of the top bull in our 1967 sale, Melbourne Pemberton, now in service for John Woodward, Yorkville, Ill. Her dam was a three times winner at the Illinois state fair, and was senior champion in 1967 after producing this heifer. The granddam was the top female in the 1963 Leveldale sale and is one of our top cows. Will be bred.

MELBOURNE CLIPPER BELLE 7th — A double-bred Calrossie Diamond, by Melbourne Masterpiece. His calves at Melbourne and at George Millers' indicate he is a breeding bull. This Clipper Belle family has consistently produced cattle with exceptional size and this heifer is no exception. Bred to Remital Captain Jim.

Good Cattle . . . Good Land . . . and Good Cattle on the Land . . . That's the Story Of Leveldale

For nearly half a century, Leveldale has been the most respected name in Shorthorns the world over. Their eminent success has been achieved on sound Illinois farm land — and not the best in the state either. The buildings and equipment are practical, but they have housed some of the world's greatest Shorthorns.

The so-called "secret" of the Leveldale success is well explained by Les Mathers, "Mr. Shorthorn" himself. The bull is the key to the entire program. Year after year — generation after generation, since 1922 — Leveldale has always had at least one truly great breeding bull on the farm. And some years as many as three world-famous stock bulls trod the pastures. Cast a look backward over recent years. Any one of the bulls in service would have stood most breeders well for years: Leveldale Blend, Leveldale Peerless, Leveldale Richard, Calrossie Diamond, Leveldale Critic, Leveldale Basis, Aldie Mainliner, Glassingall Research and a host of others. And now comes Burnton Reward, the last bull to be imported from Scotland by anyone.

With a heritage built by years of the careful Mathers breeding program, is it any wonder that Leveldale today is the most respected name in Shorthorns? Every Leveldale sale . . . and every Leveldale stock bull . . . has given the breed world famous sires. This looks like a vintage year.

LES MATHERS

Welcome from Mr. Shorthorn

The Mathers family is proud to be included in the Melbourne sale along with the other guest consignors. These people have the reputation of selling some of their best each year and the cattle have given a good account of themselves for their new owners.

We all realize that our reputations are on the line and as usual we are offering the kind that will produce satisfied customers.

We recommend all who are consigning to this sale. We all know that good business requires that both the buyer and the seller profit.

BURNTON REWARD — He was selected as the best young bull seen by Les Mathers on his 1966 trip to Scotland. He is by Beaufort Graduate that has sired a great number of the recent British winners for the Anderson Brothers. Monia Estelle was purchased in the Cruggleton dispersion at a long price by Alex Anderson. He considers Burnton Emily Estelle undoubtedly the best cow in his herd. His ownership is shared by Leveledale; Mike Klokenga, Emden, Ill., and Dr. Arthur H. Weiland, Elmcrest Farm, Pawnee, Ill. All of the bred females selling from both Leveledale and Klokenga will be served to Burnton Reward. Thus their new owners will own the first calves by this great young sire, the last bull imported from Scotland by any North American breeders.

BURNTON REWARD

STOCK SHOW

LEVELDALE GOODWILL (Right)

Leveldale Goodwill topped the 1966 Melbourne sale at \$6,300 for two-thirds to Tempel Farms, Wadsworth, Ill. Leveldale retained an interest and has used him liberally since. His first son, bred by young Laura Mathers, sells as Lot 14.

Goodwill perpetuates the blood of his sire, Leveldale Peerless by Calrossie Legend. His dam is considered by many as the best cow at Leveldale. She is the very big Crichton Pearl Drop 2nd by Tolquhon Bosco that also sired the dam of Leveldale Peerless. Thus, there is a touch of line breeding that insures the prepotency of Goodwill.

Today there are many young Goodwill calves at Leveldale. They are big, long rascals with real character. They appear to have the same good size as their sire that weighed 1,090 pounds at 13 months. At Tempel Farms Goodwill is siring easily the most uniformly good calves ever born there. Here is a new name to reckon with in the Shorthorn future.

LEVELDALE PEERLESS (Left)

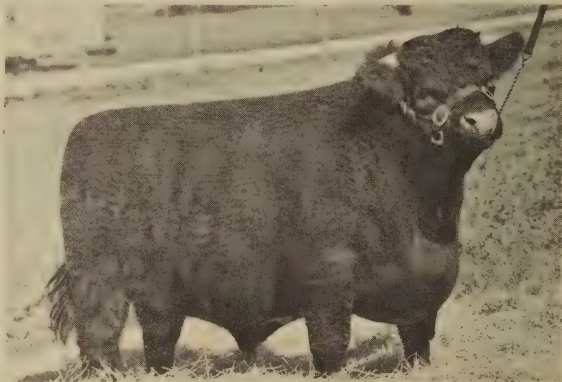

One of the greatest show bulls of all time, his breeding record was equally great. Here's what Les Mathers has to say about Peerless:

"I named Leveldale Peerless and marked him for a herd sire when he was one day old. I never wavered in my opinion of him. The record of his first crop of calves at the 1966 Illinois State Fair where Leveldale was premier breeder, was only the beginning.

"His dam, Princess Charming, was purchased with the expectation of breeding a herd bull, and she produced. Since then she has produced Leveldale Prodigy that is siring top calves for Jim Shea, Metamora, Ill. She then went to Melbourne where she has given them three outstanding show females by three different sires. Such is the breeding that works improvement."

The first full crop of Peerless sons to sell in the 1966 Melbourne sale averaged \$2,690! Top of these at \$6,300 for two-thirds was Leveldale Goodwill. In 1967 a Peerless son, Leveldale Compass, was second top of the Melbourne sale to Richmond Robison, Delavan, Ill.

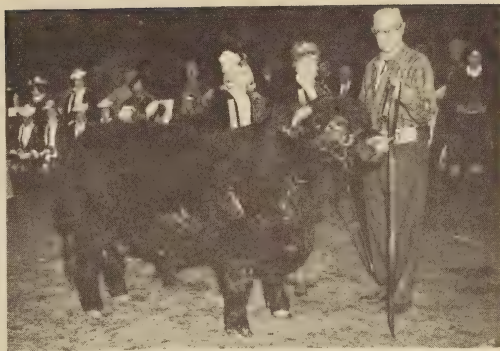

Peerless has been dead for a year now so the sons and daughters selling are your last opportunity to buy this vital outcross blood.

Left — Leveldale Diadem B was second top of the 1966 Leveldale draft to the Melbourne sale. A son of Calrossie Diadem, he brought \$4,100 on the bid of Clarence Cann, Peotone, Ill.

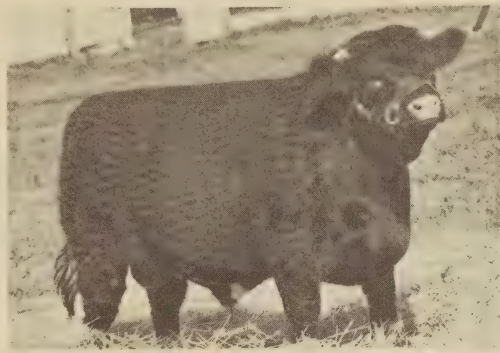

Right — Leveldale Affluence by Leveldale Richard topped the Leveldale draft in the 1965 sale to Bowen Bros., Hoxie, Kan. He later became International reserve sr. champion.

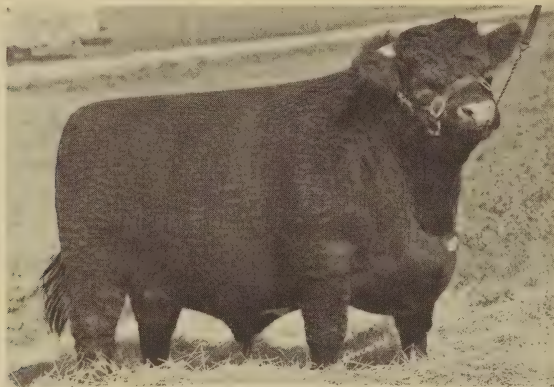

There Are Great Bulls in Every Leveldale Sale

Left — Leveldale Compass by Leveldale Peerless was second top of the 1967 Melbourne sale to another Leveldale bull. Compass sold for \$2,000 to Richmond Robison & Sons, Delavan, Ill., who also purchased Leveldale's top bull. Right — Leveldale Bonanza by Calrossie Diamond was among the tops of the 1966 sale at \$2,000 to Tribble Brothers, Guthrie, Okla.

Leveldale Goodwill topped the 1966 Melbourne sale at \$6,300 for two-thirds to Tempel Farms, Wadsworth, Ill. Lot 37 is his first son to sell from Leveldale.

LEVELDALE CHOSEN, Lot 37. This is the only picture available of a great bull calf bred by young Laura Mathers. He is also the first son of Leveldale Goodwill to sell.

LEVELDALE CHOSEN — Is the biggest calf for his age since we had his sire on the farm, but he doesn't take off any in quality and style to make the size. He is probably the best of our bull consignment. His mother has been a consistent and rapid breeder for Laura. He will be shown at Springfield and should give a good account on only his dam's milk. A really good calf.

LEVELDALE NOBEL — A full brother to Leveldale Phantom, sold in the 1967 sale at \$1,775 to Jesse Smithers & Son and very much like his brother. He has a great head, good bone, smoothness and strength. His dam, a beautiful cow, was a winner for Les III when shown as a yearling. This is a vigorous young bull that moves on good feet and legs. He has not been fitted but will develop well.

Leveldale Phantom sold at \$1,775 in the 1966 sale to Jess Smithers and Sons, Pittsfield, Ill. Lot 38 is a full brother.

Leveldale Basil is an imported son of Crichton Castle that sold in a former Leveldale sale. Lot 39 is a son.

Dave Garnett \$725

LEVELDALE NOVELTY — A dark red son of Leveldale Basil, an imported bull of good size and extra heavy bones. He is from a good roan cow by the International grand champion, Leveldale Critic. Novelty is the biggest framed bull of our consignment. He has two good ends and a wide level back with good depth of body. He should develop into a bull with all the size needed.

Lot 39, Bull

Leveldale Magnate was Illinois State Fair grand champion and is siring calves of exceptional size and substance. Lot 40 is a son.

LEVELDALE CADENCE — A great-headed dark red by the Illinois State Fair champion, Leveldale Magnate. He is out of a nice red daughter of Leveldale Richard. He is straight, rugged, with two good ends and well-balanced. Here is a concentration of Banchory Orangeman which should produce size and thickness where it counts.

From left are Leveldale Cadence, Lot 40, and Leveldale Resident, Lot 41.

Three cows that made Leveldale famous are, from left, Venetia Rosebud 6th; Leveldale Miss Ramsden 6th and E L Secret 2nd. Venetia Rosebud 6th is the dam of Leveldale Resident, Lot 41.

LEVELDALE RESIDENT — An inbred son of the Illinois State Fair champion, Leveldale Magnate, and out of his own dam, Venetia Rosebud, a successful show heifer as a yearling and since a great producing cow. This bull is correct in his lines, thick, deep and smooth. He has a concentration of good blood which will guarantee a strong sire. This mating was accidental, but the results are what you would expect if it were done by an expert.

From left are Leveldale Jove, not selling; Leveldale Brigade, Lot 45; and Leveldale Novelty, Lot 39.

Leveldale Progress topped the 1967 Melbourne sale to Richmond Robison & Sons, Delavan, Ill. He is out of the same cow as Lot 43.

From left are Leveldale Precise, not selling; Leveldale Pledge, Lot 44; Leveldale Chaperone, not selling, and Leveldale Policy, Lot 43.

LEVELDALE POLICY — A growthy red son of Calrossie Diamond out of the good breeding cow and former show heifer, Princess Aggie, that produced Leveldale Progress, top bull in the sale in 1967 and a first-prize winner at the Illinois State Sale. This bull is very smooth, correct in his lines, and long for his age. He was weaned off his mother at seven months, and has come along just about right. He should make a good show — and will surely breed as you would hope.

LEVELDALE FEMALES: Foundation for the Breed

For nearly half a century the Leveledale cow herd has ranked as one of the world's best. Its unending quality is due in equal measure to three things: 1) the sagacity of Les Mathers selection of herd replacements, both those born on the farm and those purchased from others; 2) the power of a long succession of Leveledale stock bulls to sire females that would, in turn, produce stock bulls; 3) the Mathers firm conviction that life is too short to "grade up" an entire herd — they buy only the very best and usually at long prices.

This pattern would serve well any herd in the world and the most successful have profited by it. Through the years, Leveledale has sold females to almost every state and province. Almost without exception, wherever you go, breeders point with pride to their "Leveledale cow."

This year Leveledale sells eight females. They are among the best of the last year's production. As an invaluable bonus, they are in calf to Burnton Reward, the last bull to be imported from Scotland by any breeder. Here is your chance to own his first calves.

Take a page from the Leveledale book. Life is too short to buy anything but the very best from a herd proved for nearly 50 years.

The International junior champion Elmcrest Diadem by Calrossie Diadem is senior stock bull at Prairie Creek and Elmcrest Farm, Pawnee, Ill. Four of his valuable daughters sell!

Founded with purchases from Leveldale itself, J. E. "Mike" Klokkenga's Prairie Creek herd has become known as a source of foundation females of exceptional size and thickness. Much credit for their success must go to a long succession of grand bulls like the massive Glastullich Red Eagle.

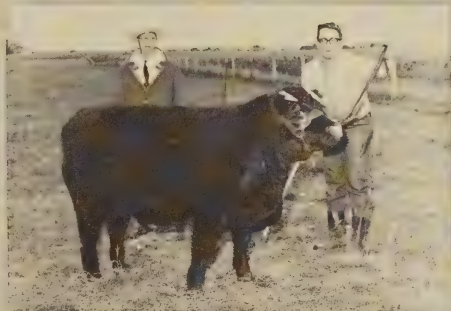

At Prairie Creek, the Shorthorns are an integral part of a successful farming operation in which the entire family plays an active role. Mike Klokkenga, a "Builder of the Breed," has been president of the Illinois Shorthorn Ass'n; Maxine is active in the national Shorthorn Lassies; their children, Janice and Jim, work constantly with the cattle.

For the last two years it has been a Prairie Creek female that has topped the Melbourne sale — one at \$2,200 and one at \$1,800. This year's offering is their most uniformly good. All of the females are bred to the newly imported Burnton Reward. Here is a fine opportunity to own his first calves out of some of the breed's biggest females.

Prairie Creek: A Leading Source for Females

Left — These three Prairie Creek heifers sold in 1966. The white heifer, PC Princess Marina 13th, topped the entire female offering at \$1,800 to Melbourne Farm, Big Rock, Ill. Right — PC Garnet 4th topped the female offering of the 1967 Melbourne sale at \$2,200 to B. C. Barnes, Carrollton, Ga. That's Jim Klokkenga at the halter.

PRAIRIE CREEK GOLDDROP 12th — Golddrop 12th, as her picture indicates, is a growthy, modern type beef female endowed with size, scale, bone and muscling. This female is out of a Glastullich Red Eagle dam that has produced good cattle. Her matings with Leveldale Highlander, imported son of Dron Xerxes, have been quite successful. This female is bred to Burton Reward and we part with her reluctantly as well as endorse her very highly!

PRAIRIE CREEK GOLDDROP 12th, Lot 60.

From left are PC Golddrop 12th, Lot 60, and Prairie Creek Crocus 8th, Lot 61.

PRAIRIE CREEK CROCUS 8th — Crocus 8th is the first Crocus female that we have offered at public auction. This particular Crocus family has produced cattle with frame and substance. We offer her since we have three Elmcresc Diadem daughters of Prairie Creek Crocus. Further, Crocus 5th has a full sister to the 8th at her side. She should develop into a most useful female. This Leveldale Highlander daughter sells in calf to Burnton Reward!

Shore Acres Premium — reserve grand champion at the Illinois State Fair and the American Royal in 1964 and first in class at the International is senior sire at Shore Acres. He is the sire of the entire Shore Acres female draft.

Shore Acres Benboro is the son of Melbourne Basis that was selected for use at Shore Acres. He is the service sire of several females they sell in this sale. Owned jointly with Max Pattison, Kulm, N. Dak.

SHORE ACRES: Honesty, Integrity And Good Shorthorns

Good Shorthorns, honesty and integrity are synonymous with Shore Acres. Roy Arnold himself wrote in 1954: "Every honest transaction and every fair and cheerful adjustment of an honest claim under our guarantee not only enhance the reputation of the individual breeder, but also add to the good reputation of the breed. Such a breeder becomes known as a 'builder of the breed', and his name is sought in, and adds to the quality of, any pedigree. No passing victory, no temporary advantage can possibly be worth the loss of integrity. Any breeder whose name appears in a pedigree will be known by his acts, which directly affect not only the pedigree but also the value of the animal irrespective of its merits."

For 34 years Shores Acres has stood for these principles and their cattle have reflected them.

Through a succession of powerful breeding bulls the herd has grown into a position of leadership in the industry. Latest among these Philorth Expression, Melbourne Basis, Shore Acres Premium and Shore Acres Benboro.

Certainly a factor in the success of the herd is Lyle Brooks, a graduate of the Les Mathers "herdsman school" who came to Shore Acres in 1935 as herdsman and progressed to a full partner in the operation. The knowledge and astute management which is evident in both these men is also being developed in Lyle's son, Arnie, also associated with the herd.

LADY ROSEBUD 51st — Many choose this fancy heifer as the best of this year's consignment. She's a valuable daughter of Shore Acres Premium and from the imported Cruggleton Rosebud family. The granddam is an imported daughter of Cruggleton Leishman and the dam is among the strongest cows in the herd. With beautiful balance and thickness, she's one of the best. Sells open.

CLIPPER NOEL A — By Shore Acres Premium and out of a fancy young daughter of the popular Westdrums Wayfarer. Here's a female that's quite good and backed with a faultless pedigree. You'll like her balance and evenness. Bred to Shore Acres Benboro.

From left are Golden Gloss B 51st, Lot 68, and Clipper Noel A, Lot 69.

Part of the Wernacres cow herd as they appeared on the cover of The Shorthorn World.

WERNACRES: Good Shorthorns for Three Generations

This could well be termed the 50th Anniversary for the Wernacres herd which was founded in 1918. A milestone in any business, a mark of excellence for the quality of stock that has kept the herd in operation for that length of time, a tribute to the men that have planned, saved, sweated and rejoiced at the ups and downs during those 50 years.

First was Henry and his son Louis, now it's Louis and his son Dale, all sound, practical cowmen, with the inborn knowledge of what it takes for a cow to live a productive life, reproduce her own kind and make money.

The selection of stock bulls for this herd is the basis for its success. Today the Wernacres herd is recognized as one of the most outstanding on the continent. Just about every cow has been bred in the herd. They have been selected for capacity, strength and breed character. Aldie Chief Adonis, Louada Camouflage, and Melbourne Augustine have all left their mark.

The Wernacres cattle are not shown extensively but their record for the last three years at the Illinois state sale gives some indication of their quality: 1966 grand champion and top bull, 1967 reserve champion and second top bull, 1968 reserve champion and top bull.

Wernacres sells five heifers in this sale — all by the International reserve champion Melbourne Augustine.

WERNACRES AUGUSTA 7th — Melbourne Augustine, Louada Camouflage and Aldie Chief Adonis all were grand breeding bulls and each contributed mightily to the success of the Wernicke herd. This heifer is backed by all three with the bonus of the dependable Augusta family. Here's a right good heifer. Calthood vaccinated. Herd certified and accredited.

WERNACRES FLORA 13th — From our oldest and most reliable family comes this strong daughter of Melbourne Augustine. She is a full sister to Wernacres Flora 10th that sold in the 1965 sale to David Steck, Wataga, Ill. Her dam is typical of the Louada Camouflage daughters that have done well here. Calfhood vaccinated. Herd certified and accredited.

WERNACRES FLORA 14th — Here's a full sister to the good female, sold in the 1966 sale to Dorsey Elliott, Sublette, Kan., and from the same family as the top heifer of the 1965 consignment. She is backed with the Louada Camouflage, Melbourne Augustine and Aldie Chief Adonis crosses that have been successful for us. Calfhood vaccinated. Herd certified and accredited.

7600 Mel Street
 Melbourn, Iowa

Wernacres Renown was reserve grand champion and second top bull at \$1,300 at the 1967 Illinois State Sale. He is by Melbourne Augustine.

Lot 73, Female

Wernacres

W ORANGE BLOSSOM 3rd 3326-833

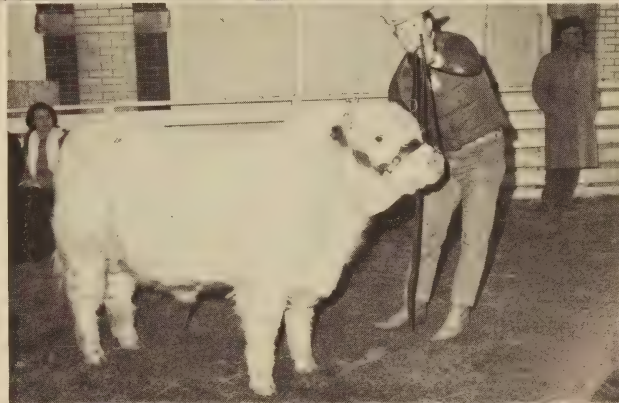

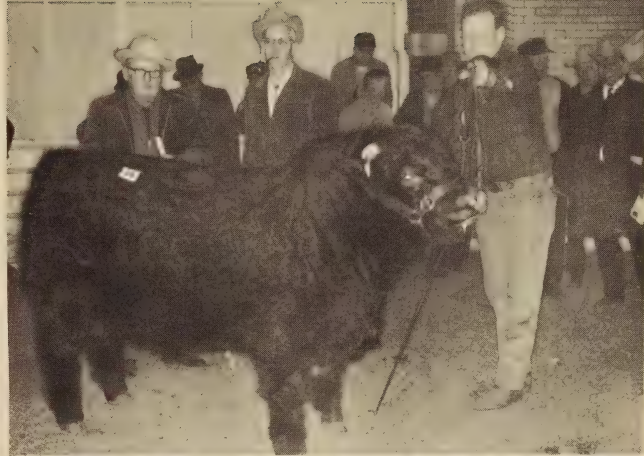

Tattoo LE 438

Dark Roan, calved Apr. 10, 1967. Bred and owned by Louis Wernicke & Son, Lena, Illinois.

W ORANGE BLOSSOM 3rd — Another member of our prolific Lawton Orange Blossom family, she has an added cross of Calrossie Cupbearer. Remember that Melbourne Augustine also sired the champion bulls the last three years at the Illinois State Sale. Calfhood vaccinated. Herd certified and accredited.

Wernacres Notable was grand champion and \$2,000 top of the 1966 Illinois State Sale. He was the first of three consecutive Illinois State Sale champions for Wernacres — all by Melbourne Augustine.

Newest stock bull at Wernacres is Royal Tartan General
by Calrossie Scottish Soldier.

W ORANGE BLOSSOM 4th — From Lawton's valued old Orange Blossom tribe comes this fancy roan daughter of the International reserve grand champion Melbourne Augustine. She's by the same bull and from the same family as our heifer sold in the 1967 sale to Frank and Louis Dempster, Arlington, Iowa. Calfhood vaccinated. Herd certified and accredited.

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
